Preamble:

The Proposal of M/s Puravankara Projects Ltd., for construction of Multi Dwelling Complex, Incorporating Hotel, Executive Centre, Convention Centre and Entertainment Centre, with an investment ₹.115.80 crores, generating employment to about 67 persons at Uganavadi Village, Kasaba Hobli, Devanahalli Taluk, Bengaluru Rural District was approved in the 2nd SHLCC meeting held on 28.06.2000 read at (1) above. The Government Order was issued vide Government Order No. ITY 84 TTM 2000, dated: 10.07.2000 read at (2) above.

The proposal of the company has been placed before the 22nd LAC meeting held on 28.12.2015. The decision of the LAC is as follows:

The representatives of the company explained the committee that, they could not procure 70 acres of land as was originally envisaged for their project and were able to procure only 40 acres which is also not contiguous and unfeasible for originally proposed project. They have requested approval to change the activity to Housing.

The committee noted the above and informed them that, change of activity to housing will not be permitted and advised them to implement the approved activity and request was rejected.

Now, the company vide letter dated: 19.05.2016 has represented that out of 34 odd acres 28 Acres 5.5 Guntas have already been converted and ready for development. Since they could not procure 70 acres of contiguous land, they are unable to proceed with implementation of all the facets of the Multi Dwelling Complex Project for which they had sought and obtained permission.

They have further informed that, in the light of the reduction in the total land and the constraints faced by them due to the fragmented lands, they are constrained to down size the project and requested permission to proceed with development of Residential Multi dwelling units along with entertainment / convention hall in the available lands.

Government has examined the recommendations made by the 92nd State Level Single Window Clearance Committee (SLSWCC) meeting held on 27.05.2016, in all aspects.
